

UNITED STATES INFIRMARY,

Corner of 9th and E streets, adjoining the Methodist Protestant Church, (See Map.) Webster, opposite the Rev. O. B. Brown's residence, about eighty yards from the new General Post Office, Washington, City.

DR. BENJAMIN THOMPSON, the Founder of the Thompsonian Infirmary in Boston, Massachusetts, and Concord, N. H., and more recently from the State of Virginia, having long had a desire to establish an Infirmary in this Metropolis, takes this method of informing the public that he has gratified that desire, and has fitted up in a style unprecedented in this city (perhaps any other except his Infirmary at Concord, N. H., which has been pronounced the most perfect one in the world) the above desirable house, on the same plan with his Infirmary in the East and South, where his patients can depend on such treatment as their infirmities may demand.

To my friends, and the friends of the system, I need but say that I am here. They have no doubt, seen my prospectus and my practice, and in all the Thompsonian periodicals in the United States, and my unprecedented success in the places where I have heretofore practiced. The system is still progressing with rapid strides, and producing a complete revolution in the medical world.

For the benefit of the public, Dr. T. gives the following extracts, relative to his practice in the places where he has established infirmaries:

Boston.—Extract from *Advertisement*.—"Since April, 1832, up to May, 1834, he has administered upwards of two thousand courses of Medicine to more than fifteen hundred patients, visiting from six rods to the hundred miles distant, in almost every State of disease, the greater part of whom have been cured. Patients given over to him at the New York, Philadelphia, Massachusetts, New Brunswick, and Insane hospitals, have been cured at my Infirmary. One, and only one death, has occurred at my Infirmary, since its establishment; and \$1000 is here offered to any individual who will prove to the contrary; also, \$1000 to any individual who will prove as great an amount of business to have been accomplished during the same time at any hospital in Europe or America, with the occurrence of a less number of deaths and more cures."

Concord.—Extract from a *Letter to a United States Senator*, dated January 1, 1835.—"Dr. T. says:—There appears to be considerable excitement here at present. A new era seems to have commenced in medical science. Dr. Thompson has indeed done wonders in the healing art. He has performed cures in the absence of all hope of patients, friends and regular physicians. Of the many cases he has had, a few have come to my knowledge which justice compels me to mention.

"A young gentleman who had been out of health for several years, and who I understand was at the Infirmary the same time you was, and in consequence of your advice took one course of medicine, declared, as I am informed, that he received more relief in 13 months, under the operation of the Botanic Medicines, than he had before for four years, when under the charge of the most eminent physicians of the State; a few days after he took another course and was cured. A gentleman by the name of Marden from Chichester, who had been afflicted with dyspepsia and all its attendant train of evils for several years, came to the Infirmary with the intention of remaining one week, and was, agreeably to his own declaration, cured in one day, and was enabled to return to his family the third day after he left them, a well man. This case, I understand, has caused considerable excitement in Chichester and the neighboring towns. A young lady or delicate child, who had been repeatedly given up as a depraved case of mental derangement—cured in one fortnight. A lady from London, who, at the age of seven years, suffered severely from a paralytic shock, after which she was afflicted with fits and falling sickness for 25 years, and was attended, without any benefit, by 17 regular physicians, came to the Infirmary, took 2 courses of medicine, and was enabled to make a hearty meal of animal food, of which she had not been able even to taste for ten years, remains well, and able to labor at the present time.

"Dr. Thompson's success in fevers has indeed been great. He has taken patients from almost all the regular physicians here, and taken them to health in a few hours, although some of them were thought to be dangerously sick by their friends and medical attendants, and no prospect of recovering under six or eight weeks, if they did at all."

Petersburg, Va.—Extract from *Certificate*.—"We, the undersigned, do hereby certify, with much pleasure, that we have visited the Thompsonian Infirmary, recently established in Petersburg, on the Thompsonian plan, and believe that no one is better calculated to do it justice, and to help the afflicted, than Dr. Thompson. We have taken his medicines, and have seen them repeatedly given, with manifest advantage, in a number of cases where the patients were quite ill. His peculiar manner of mixing them goes to make them agreeable and palatable, and his seeming skill in timing and proportioning the doses to the age and strength of the patient and disease, met our warmest admiration. His vapor and medicated baths are truly luxurious, and are given in the most delicate and agreeable way, and are perfectly understood by the female attendants, under the direction of Mrs. Anson and Doctor Thompson. The whole process, from what we have seen and experienced, may be undertaken by the most timid lady or delicate child, without the least apprehension of danger in any point of view; on the contrary, with much advantage, when it is needed. We would recommend all the afflicted to the Thompsonians, and to the Petersburg Infirmary, believing firmly that it is a great place for the cure of all curable diseases."

SALLY G. STURDIVANT, MARTHA LILLEY, ELIZABETH NIBLETT, MARTHA P. CLARK, PETERSBURG, Sept. 21, 1837.

"**Petersburg, September 18, 1837.**—Dear Sir:—Health is the greatest temporal blessing bestowed upon man, and is essential to his comfort and happiness. I verily believe, that the system of medicine invented by Samuel Thompson, is the safest and most efficacious means, rightly understood and properly carried out, as a curative system, ever adopted. We are bound to exert, to the utmost, to give to us for our government and direction, to pursue truth, and hold to it, and never to give up any known plain matter of fact for conjecture. I saw several of your patients, heard of several cases, and witnessed several; I saw your care and attention to the afflicted under your immediate charge, and this had a great effect upon me; but the cure of my dying boy has cast the scales from my eyes, satisfied my judgment, and confirmed it. His case was a most serious hopeless one. I had given him over to die, his jaws became fastened; he was seemingly dead to all sensibility; his pulse, which before had not abated for sixty hours, was now nearly gone; he was fast approaching the embrace of death. To my great astonishment, you, in a short time, relieved and restored him to health. This and a number of other cures have convinced and satisfied me that it is the best and most safe practice I have ever seen carried out.

"My boy was at first taken with a chill, succeeded by a severe fever, and he was completely out of his head for three days before you saw him. He was in spasms and insensible to your kind words. I had no medicine, according to the regular mode, was exhausted, but the efficacy of your medicine, and the vapor bath, had so salutary an effect, that he was truly and astonishingly, and unexpectedly to me and all my family, also to the astonishment of every person who saw him, soon restored to life and health. I feel bound to confess the fact, and recommend to all opposers of the system the propriety of knowing correctly what they do oppose before they condemn, and do recommend the practice to all who have lost their health, and the afflicted to your tender care."

FRANCIS PACE.—"We, the undersigned, members and companions of Mr. Pace's family, do hereby certify that we are acquainted with the boy Mr. Pace speaks of, and saw him during his illness, and that every particular relating to his cure, &c., which Mr. P. mentions, is confirmed by us."

ELIZABETH P. PACE, CAROL C. CONWAY, WHINCEY PACE, ELIZABETH SMITH.

In addition to the above extracts, which cannot be expected to convey full information on the subject, but the full documents of which can be seen (together with my mode of practice and the regular mode) at my Infirmary; and it being generally conceded by the public that there has been many cures effected, great good done by this system, and that the medicines are allowed to be the most agreeable and most effective that are administered, I would here merely state that, having administered more than ten thousand courses of medicine in Concord and Boston, during which time I lost but one patient, it must be acknowledged that my experience is not small, and that I know how to treat the numerous diseases to which the human system is liable.

PRIVATE PATIENTS.—With female attendants, are provided and set apart for ladies, where all complaints peculiar to females are successfully treated. Also, other apartments for people of color. In all cases, every attention will be rendered that can ease the afflicted or ensure a cure to the diseased.

N. B. The demand for Thompsonian Practitioners is continually increasing, and gentlemen of respectable character, coming well recommended, can be admitted to the Infirmary as students, on reasonable terms, where they can enjoy all the advantages of Dr. Thompson's experience and have access to the best medical library in the world. In cases where a course of medicine is taken, a diploma is necessary. No accounts will be opened—payments must be made in all cases be made in a regular manner.

Nov. 9—1341

CARRIAGES FOR SALE.

The subscriber has on hand a variety of light and pleasure carriages, which are not surpassed by any thing of the kind in this market; such as—

Their office is on the corner of Pennsylvania avenue and Third street, in the same building with Gen. Walter Jones, to whom they respectfully make reference.

HENRY MAY, CHAS. L. JONES.

DRUGS, MEDICINES, &c.

N. W. corner of Pennsylvania Avenue & 1st St., between Brown's & Galt's Hotels, Washington City.
THE undersigned respectfully informs the citizens of Washington, and the public generally, that he has taken the Drug Store formerly occupied by Dr. S. Mitchell, corner of 6th street and Pennsylvania avenue, between Brown's & Galt's Hotels, where he intends keeping on hand a full and fresh supply of Drugs, Medicines, Chemicals, Poisons, Oils, Dye Stuffs, &c. Also a very general assortment of Fancy Articles, Cigars, Tobacco, Snuffs, and Segars, of the best quality. Physician's prescriptions carefully and accurately compounded.

WM. F. BENDER, from Philadelphia, July 15--

IMPORTANT INFORMATION to persons afflicted with the following complaints, viz: Scrofula, Leprosy, Salt Rheum, St. Anthony's Fire, Fever Sores, even when the bones are affected, White Swellings, Violent Eruptions, after measles, Scum, Pimples, Eruptions, Pimples, and Carbuncles, Sore Eyes, Sore Legs, Scald Head, Ulcers, Venereal Taints, when Mercury has failed, and all disorders arising from an impure state of the blood and humors—reassured that Dr. R. E. B. Botanic Drops continue unrivaled, for the prevention, relief, and cure of these complaints. In proof of which read the following remarkable cure of a case of 12 years' standing:

Extract of a letter. "Sir, My leg, which before did not look like a human limb, is now entirely healed up (after resisting every other application for 12 years) Previous to taking your Relief Botanic Drops, I had given up all hope of relief.

Young Case. An agent writes, "There is a person taking the Botanic Drops, evidently with the greatest advantage." He declares, to use his own words, "It is doing wonders for him," and is, as it were, "snatching him from the grave."

Numerous instances have occurred where persons were pining away a miserable existence, nothing they could procure affording them permanent relief, until they had made use of the above invaluable Medicine.

They are also the best Spring and Autumnal Physic. Price \$1, or 6 bottles for \$5.

For sale by **S. J. TODD, Washington, D. C.**

IMPROVED SURGEON'S TRUSSES, for the radical cure of Hernia, or Rupture, by **HEBER CHASE, M. D., Philadelphia.**

Fully impressed with the extreme caution required in forming conclusions concerning changes of structure taking place in parts of the body concealed, not only by the integuments, but by tendinous matter and fascia, and where the nature of the disease renders the opportunity of post mortem examination exceedingly rare, your committee has been desirous to avoid that blameable haste in the decision of important questions which has too frequently given a temporary reputation to the abuse of public confidence and the injury of the profession, by granting to empirics the weight and influence of scientific names.

The instruments of Dr. Chase have effected the permanent and accurate retention of the intestines in every case of hernia observed by the committee, without material inconvenience to the patient, and often under trials more severe than are usually ventured upon by those who wear other trusses—trials which would be imprudent with any other apparatus known to the committee.

"The committee are induced, by the foregoing conclusions, to recommend, in strong terms, the instruments of Dr. Chase to the confidence of the profession, as the best known means of mechanical retention in hernia, and as furnishing the highest chances of radical cure."

"They have no hesitation in saying that, were they individually affected with this terrible disease, they would resort to this method of treatment, with the triple view of securing their comfort, safety, and ultimate chance of recovery."

REYNOLD COATES, M. D., WM. ASHMEAD, M. D., ISAAC PARISH, M. D., Committee.

"All must now admit of the radical cure of Hernia, and that Dr. Chase's Trusses are decidedly the best yet invented to effect that object."—*Southern Medical and Surgical Journal.*

For the utility and excellence of these instruments, reference may be had to the principal physicians of this city, who are prepared to apply them.

For sale at **TODD'S Drug Store.**

MAY 18

DESIRABLE GOODS.—We have this day opened, in addition to our former Stock—

1 case 60 pieces rich Mouselines, new style, and very beautiful.

BRADLEY & CATLETT.

GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR!

The greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo Oil is a powerful remedy for itching, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty of the hair, superior to any other animal or vegetable oil, and in case of fever, where the hair becomes dry and brittle, it has no equal in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37 1/2 cents) that all classes can have access to it. None genuine unless put up in this bottle, with the Buffalo Oil in the glass. Also, to prevent imposition, it will be signed by the Proprietor, Wm. Brown, 451 Washington, corner of 1st Street, Boston.

FLODOARDO HOWARD'S

Improved Compound

FLUID EXTRACT OF SARSAPARILLA.

FOR THE CURE OF

Scrofula or Kings Evil, Obsolete eruptions of the skin, Chronic Rheumatism, Syphilitic and Mercurial Ulcers, Sores, Pains in the Bones, General Debility, White Swellings, And all diseases requiring the aid of alterative medicines.

This Extract is prepared from an improved formula, sanctioned by scientific Physicians and Pharmacologists, and is decidedly one of the most active, efficacious, and convenient preparations in use.

It should be used only when regularly prescribed. It should be used, where circumstances will admit, under the guidance and direction of a physician.

Carefully prepared and sold only at my Pharmacy.

FLODOARDO HOWARD.

Also for sale at most of the Drug Stores in Washington City, Baltimore, and throughout the United States.

The following Select Medicines and miscellaneous articles are also prepared and sold as above:

April 11.

THE SOUTHERN SILK MANUAL, and Farmer's

Magazine. This work will be published under the inspection of a number of gentlemen actively engaged in the cultivation of MORUS MULTIPLICATA, feeding of the worms, and the manufacture of silk. It will be edited by E. YEATES REESE, and furnished to subscribers at one dollar per annum.

Ample arrangements have been made, and correspondents established, to enable the editor to present a work containing all the information necessary to the planting and cultivation of the trees, the feeding of the worms, and the successful management of the entire silk business. The work will also contain valuable information on agriculture and farming generally.

It will be the particular object of the editor to promote the interest of those engaged in the silk culture in the Southern and Western States; as there the cultivator possesses peculiar advantages in respect to climate, soil, labor, &c.

Orders by letter, (post paid) with the subscription for the year, will receive prompt attention. Address E. Yeates Reese, Baltimore.

Persons desirous to have the above valuable work can be supplied by calling at my store, near the 7 Buildings.

Dec. 8 **F. HOWARD, Agent.**

CONCENTRATED SIRUP OF SARSAPARILLA.

For diseases of the skin, tetter, pimples, face, scald head, &c. the concentrated sirup of sarsaparilla is, the most useful in conjunction with "Sands' Remedy," the most effectual medicine in use. As an alterative in long-standing rheumatic affections, mercurial diseases, &c. it may be used, or, if desired, as a substitute for the various secret remedies, as Swain's, Potter's, &c. and is recommended by the Faculty as preferable to any of that class of medicines. Carefully prepared at

TODD'S Drug Store.

GUIDE for Mothers and Nurses in the management of

Young Children, with reference to hereditary or family diseases; compiled in part from the best English and American writers. By Caleb Ticknor, M. A., M. D., late Professor of Hygiene in the University of the city of New York, author of the *Philosophy*, &c.

CAUTION.

We are called on to caution the public, the Druggists in particular, against purchasing from any traveler under whatever pretences they may be offered, any of

DR. EVANS' INVALUABLE MEDICINES,

as their unprecedented success in the cure of Consumption, Dyspepsia, Liver Complaint, Indigestion, Catarrhes, Loss of Appetite, Palpitation of the Heart, Pain in the Head, Back, and Limbs, Diarrhoea, Heartlessness, and all diseases originating in the Stomach, Heart, Lungs, Liver, and the associate organs, &c., has caused a reckless impostor, who it is ascertained, has been travelling through Pennsylvania, Maryland, Virginia, &c., to counterfeit and vend a deleterious imitation of EVANS' CAMOMILE AND APERIENT PILLS; and another impostor has introduced into Pennsylvania, &c., a spurious article, purporting to be PARIS' SOOTHING SYRUP, for children when cutting their teeth—both of which are deleterious counterfeits. Therefore, in order to protect the public against the imroads of such impostors, and to secure them the benefit which their Genuine Medicines never fail in bestowing, he has caused the label of EVANS' CAMOMILE & PILLS, "to be entered according to an act of Congress."

A notice of which entry is printed on the labels on every bottle of the Genuine Pills, and he has caused the name of Dr. J. L. Paris to be struck out of the label of his celebrated Soothing Syrup, for children when cutting their teeth, so that the label of the genuine syrup reads "DR. WM. EVANS' SOOTHING SYRUP," an infallible remedy for the pain and sickness to which children are subject when cutting their teeth, tested and approved by thousands of mothers and nurses, who have by its early application, not only prevented their children from suffering excruciating pain but in many instances rescued them from death.

Be particular in examining the labels, and also in knowing that Dr. Evans never vends any of his medicines save through the medium of his resident agents, as advertised throughout the Union, or at the Western Office, Louisville, Ky., and his principal office 100 Chatham Street, New York, where wholesale orders will be promptly executed on the most liberal terms.

The public may rest assured that in every instance that comes within the knowledge of Dr. Evans, or any of his agents, who are constantly and giving tone to the channel or vend, he will give them the earliest public notice of the imposture. Already have proceedings both civil and criminal been instituted against several Druggists who have been detected, and their names will be laid before the public at an early date. THE BEST PROTECTION he can offer for the present, to caution purchasers to obtain his Medicines from the

AGENTS ONLY.

LEWIS JOHNSON, Washington, D. C.

C. CRUIKSHANK, Georgetown, D. C.

BELL & ENTWISTLE, Alexandria, D. C.

DR. GOODE'S CELEBRATED FEMALE PILLS.

These Pills are strongly recommended to the notice of the Ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of exercise, or general debility of the system, obstructions, suppressions, and irregularity of the menses; at the same time, they strengthen, cleanse, and give tone to the stomach and bowels, and producing a new and healthy action throughout the system generally. They create appetite, correct indigestion, remove giddiness and nervous headache, and are eminently useful in those complaints which distress females so much at the "TRANS OF LIFE." They obviate costiveness, and counteract all hyster
